National Conference Poster Display Features Work of Student, Resident Members

Four posters presenting the work of resident and medical student members of Michigan Academy of Family Physicians have been selected for display at AAFP's upcoming National Conference of Family Medicine Residents and Medical Students

. The purpose of the National Conference

poster competition

is to stimulate research by family medicine residents and medical students, provide a venue to share innovative and effective educational programs, and showcase unique community projects. Posters in the categories of clinical inquiry, community projects, educational programs, and research will be displayed onsite during National Conference, July 27-29, in Kansas City, MO
