

Help Lead the Future of Medicine – Apply for an AAFP Commission

The AAFP offers a remarkable opportunity to shape the future of medicine. If you're driven to make a difference in the healthcare field, applying for an AAFP commission might be your avenue for positive change.

AAFP commissions play a pivotal role in addressing critical issues in the medical field. These commissions process referrals from various important bodies, including the AAFP Board of Directors, Congress of Delegates, National Conference of Constituency Leaders (NCCL), National Congress of Family Medicine Residents (NCFMR), and National Congress of Student Members (NCSM). Their task involves discussing pertinent issues within their scope of work and delving into innovative strategies that can yield actionable recommendations for the board.
