Michigan Future of Family Medicine Conference
Saturday, November 1, 2014 | 8:00 AM - 5:15 PM | East Lansing, MI

- Opportunities to connect with Family Medicine leaders from across the state
- Education sessions on a variety of topics specific to your needs
- Hands-on clinical procedures workshop
- SAM group study workshop
- Leadership opportunities
- Take-home toolkit

A motivating atmosphere for students and residents to interact with like-minded peers who are passionate about Family Medicine!

SAVE THE DATE!

Register now at mafp.com/mffmc
The health care landscape is changing dramatically with a significant emphasis on primary care. But what is a primary care physician—more specifically, what is a Family Physician and why is Family Medicine so important?

Two Michigan leaders have been contributing their insight to the FMM 2.0 and will join us to kick off the inaugural Michigan Future of Family Medicine Conference.

- Kurt Lindberg, MD | Member, Future of Family Medicine 2.0 Insight Group; Family Physician, Holland, MI
- Lauren Hughes, MD, MPH | Member, Future of Family Medicine 2.0 Insight Group; Family Physician and Fellow, Robert Wood Johnson Foundation Clinical Scholar®, Ann Arbor, MI

Family Medicine offers a broad spectrum of medicine, but perhaps you’d like to develop your skills in a specific area of competence. The good news is, you can! Participate in this session as we go one-on-one with experts.

- or -

It’s the top of mind for many future Family Physicians—how will I pay off my student loans? This session will provide an overview of the important concepts to estimate your payoff date.

- or -

Dramatically with a significant emphasis on primary care, Family Medicine offers a breadth of settings in which to practice—from urban to rural and from large employers to private practice and more. Plus, you’ll care for patients at all stages of life. What other specialty provides opportunities like this?

You’ve made it through four years of medical school, and grown as a Family Physician during your residency. Now it’s time to begin your career as a practicing Family Physician. At the conclusion of the Knowledge Assessment, MAFP staff will report your answers directly to the ABFM, allowing you to focus on the Clinical Simulation portion to complete the SAM process and obtain up to 12 CME credits from the ABFM.

- or -

Discover your "perfect match" as you speed date with a number of Family Medicine residency programs in Michigan. In this round-robin session, you’ll have an opportunity to meet in a small group to learn more about the program, introduce yourself to key program faculty, and make a first-impression with up to seven programs.

- and -

Designed with expertise from procedures-guru Dr. Jack Pfenninger, MD, FAAFP, this workshop will provide a hands-on experience to discover the outpatient procedures you can perform within your own practice.

- or -

Simplify the American Board of Family Medicine (ABFM) Maintenance of Certification (MC-FP) Part II Module requirements in an easy, distraction-free environment with your peers. During this SAM Group Study Workshop, you’ll complete the 60-question Knowledge Assessment in a group discussion format facilitated by an experienced Family Physician. At the conclusion of the Knowledge Assessment, MAFP staff will report your answers directly to the ABFM, allowing you to focus on the Clinical Simulation portion to complete the SAM process and obtain up to 12 CME credits from the ABFM.

- or -

Gain a better understanding of the Match process from start to finish. This session will discuss the application timeline, the best way to research the program for you, how the Electronic Residency Application Service (ERAS) works, and the do’s and don’ts of interviewing.
